MEMORANDUM FOR: Director of Personnel

SUBJECT : Medical Clearances on Retirement Extensions

Bob:

Mr. Coffey's memorandum of 23 July 1968 to the Director of Logistics referred to a request for an extension of retirement by a chauffeur; it is intended that any cases involving such requests from chauffeurs should involve a medical review of their ability to continue their jobs in the event that their request is favorably acted on.

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : OMS Clearance on Retirement Extensions

REFERENCE : Memo fr DDS to D/Log dtd 23 Jul 68, Subject:
Requests for Retirement Date Extensions

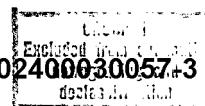

1. This memorandum requests guidance concerning the requirement established by referent memorandum for "OMS clearance" on retirement extensions.

2. Specifically, do you expect the Director of Personnel to monitor extension cases to ensure that there is a medical evaluation? If so, do you mean for this requirement to apply only in the Support Services or Agency-wide? If you mean the latter, I think we need a policy issuance to the other Deputy Directors to be sure that we have their agreement to comply with such a policy. We will be glad to prepare such a memorandum if desired. Given this, I see no problem in setting up a mechanism in our Retirement Division to ensure that evaluations are of record before an extension is presented to the Retirement Board for concurrence.

MEMORANDUM FOR: Director of Logistics

SUBJECT : Requests for Retirement Date Extensions

The DD/S feels that we should have an up-to-date OMS opinion in connection with requests for retirement date extensions. The Director of Medical Services is prepared to occasion an individual case review with tailored examination where pertinent. Please obtain an OMS "clearance" which can be cited in your memoranda concerning chauffeur retirement extensions.

John W. Coffey
